Services 2021-2022

SEN Consultancy/Associate SENDCo

£450 per day or £225 for ½ day

Bespoke support and advice in implementing the Code of Practice.

Example support includes:

Supporting an existing SENDCo in their role; setting up and implementing POPs in school; carrying out SEN audits; implementing the graduated approach; provision mapping and costing; training of your SENDCo in-house.

SENDCo

£400 per day or £200 per ½ day

Undertake the role of SENDCo in a small school.

Access Arrangements (JCQ compliant)

£450 per day or £250 for ½ day

GCSE and A-Level exam access arrangements assessments undertaken and Form 8s completed. Please contact us to discuss the number of students requiring assessment to maximise the use of time during the day.

Full Diagnostic Assessments for Dyslexia, Dyscalculia or Dysgraphia

£480 per child (report included)

A diagnostic profile collected through discussion with teachers, parents and child, alongside standardised assessments.

Written report produced compliant to SASC guidelines by an assessor with APC. These legally recognised reports diagnose the SpLD and offer recommendations to school and home to support the child.

Specialist Teacher

£210 per assessment report

Advice through a written report based around a child's strengths and difficulties with practical recommendations for implementation in the classroom.

£480 per day / £250 per ½ day

Staff consultations to discuss individuals or groups with verbal feedback and recommendations given. These can be delivered in-house or virtually.

Training and CPD - Schools

£200 per hour

A bespoke range of training is available for schools across all areas of SEND. Some recent examples include Quality First Teaching for Neurodiversity, Precision Teaching for TA's, Dyscalculia, Evidencing Impact. These can be delivered in-house or virtually. Please contact us to discuss your requirements.

Training and CPD - Clusters

Training courses are held throughout the year on a range of SEND topics – see our website and emails for further details. Clusters and MATs can also request bespoke training days. These can be held on school premises or an external venue can be arranged for you, along with catering. Please contact us to discuss your individual requirements.

Play and art-based therapies, pupil wellbeing & staff supervision

£150 per day or £80 for ½ day

We are pleased to be able to offer support for staff and pupils by a practitioner with over 17 years' experience as a school chaplain and counsellor. As a director of Rainbows UK, a charitable organization to support young people through significant loss or change, she can also help you to set up the Rainbows programme within your school. Please enquire as to individual process for the Rainbows programme as this will be through Rainbows UK.

Webinars

We are currently developing webinars on a range of SEND topics. Further details of these can be found on our website and purchased online.

Telephone Consultancy and Remote Working

Many schools are now taking advantage of the technology available to work remotely. At ADYS we are happy to work with schools using digital platforms such as Microsoft Teams and Office 365, which allows for 'face to face' sessions and secure sharing of information. Many of the services we offer can be delivered in this way which allows for greater flexibility for schools. Please contact us if this is something that you would be interested in so we can discuss a bespoke package for your school.
